Overview

Objective
The objective of publishing this statistic is to encourage wider use and analysis of Income-tax data by Departmental personnel and academicians.

Methodology Adopted
The methodology adopted is as under:

i. The template for statistics was prepared on the basis of previous statistics published by the Department and assessment of information available in various databases of the Income Tax Department.

ii. The statistics were generated from e-filed returns (digitally signed, e-Verified or where ITRV has been received) submitted.

iii. In cases where more than one return is submitted, the values in the latest return have been considered.

iv. Consistency Rules were defined (given below) to eliminate returns with inconsistent data. 5,87,21,477 returns were checked against consistency rules and 5,87,13,458 returns meeting the consistency rules were used for statistical analysis.

v. Certain statistics have been mentioned in lakh (100 thousand) and crore (10 million).

vi. Various terms used in the statistics have been defined below respective tables.

Consistency Rules

i. Rule 1: Total Capital Gains in Part B TI = STCG (including negative) + LTCG (zero and positive only)

ii. Rule 2: Salary income is shown by Individual category of assesses.

iii. Rule 3: Gross Total Income (GTI)>=0

iv. Rule 4: Gross Total Income (GTI) = Salary + Income from House Property + Non-negative total income from Business/Profession + Non-negative total Capital Gain + Non-negative income from Other Sources - (Brought forward loss setoff + Current year loss setoff)

v. Rule 5: Return Income = Gross Total Income (GTI) - Deduction u/s Chapter VIA – Deduction u/s 10A or 10AA (wherever applicable)

vi. Rule 6: Aggregate Tax Liability >=0

Status wise distribution of returns and key values

The status wise distribution of 5,87,13,458 returns selected (after applying consistency rules) for statistical analysis is as under:

<table>
<thead>
<tr>
<th>Status</th>
<th>Returns</th>
</tr>
</thead>
<tbody>
<tr>
<td>Individual</td>
<td>5,52,60,219</td>
</tr>
<tr>
<td>HUF</td>

</tbody>
</table>

Note: Minor differences are on account of rounding off of values.
Limitations

The statistics relating to sources of income have been prepared on the basis of values mentioned in e-filed returns and values captured from paper returns and the same may contain data entry errors on the part of the taxpayers/return filers. Therefore, the accuracy of the statistics is limited by the accuracy of returns.

Disclaimer

Whilst the Income Tax Statistics have been prepared in good faith, it is not and does not purport to be comprehensive. Neither Income Tax Department, nor any of its officers or employees accept any liability or responsibility for the accuracy, reasonableness or completeness of, or for any errors, omissions or misstatements, negligent or otherwise, relating to the data or any representation or warranty, express or implied, with respect to the information contained in this Income Tax Statistics or on the data on which this Statistics is based and liability therefore is hereby expressly disclaimed.

</table>

**Notes**

1. Gross Total Income is the income before chapter VI-A deduction as computed in the “Computation of Total Income” schedule of return of income.
2. The “Sum of Gross Total Income” is the sum of Gross Total Income of all returns within the value range slab.
3. The “Average Gross Total Income” is the average Gross Total Income within the value range slab i.e. “Sum of Gross Total Income” divided by total number of returns within the value range slab.
4. Apart from the number of taxpayers who filed return of income as above, approximately 2.12 crore taxpayers paid taxes but did not file return for AY 2018-19.

Notes

1. House Property Income is the income under the head “Income from house property” as computed in the return of income.
2. Loss under the head “Income from house property” is also included in the House Property Income (for ITR-1 & ITR-4). For other ITRs the same may be adjusted in Current Year Loss Adjustment or carried forward to future years.
3. The “Sum of House Property Income” is the sum of House Property Income of all returns within the value range slab.
4. The “Average House Property Income” is the average House Property Income within the value range slab i.e. “Sum of House Property Income” divided by total number of returns within the value range slab.

</table>

**Notes**

1. The Interest Income is already included in the Income from Other sources.
2. Interest Income is the Gross Interest Income in the “Income from Other Sources” Schedule of Return of Income. Interest Income data is compiled only for those returns where it is explicitly stated in the Return of Income.
3. The “Sum of Interest Income” is the sum of Interest Income of all returns within the value range slab.
4. The “Average Interest Income” is the average Interest Income within the value range slab i.e. “Sum of Interest Income” divided by total number of returns within the value range slab.

### Notes

1. Tax Payable is the aggregate tax liability as computed in the “Computation of tax liability on Total Income” schedule of return of income. Tax, Surcharge, Cess & Interest after giving credit u/s 115JAA/115JD and relief u/s 89/90/90A/91 but before giving credit for taxes paid (Advance Tax/ TDS/ TCS/ Self-Assessment Tax) constitute Tax Payable.
2. The “Sum of Tax Payable” is the sum of Tax Payable of all returns within the value range slab.
3. The “Average Tax Payable” is the average Tax Payable within the value range slab i.e. “Sum of Tax Payable” divided by total number of returns within the value range slab.

**Notes**

1. The Interest Income is already included in the Income from other sources.
2. Interest Income is the Gross Interest Income in the “Income from other sources” Schedule of Return of Income. Interest Income data is compiled only for those returns where it is explicitly stated in the Return of Income.
3. The “Sum of Interest Income” is the sum of Interest Income of all returns within the value range slab.
4. The “Average Interest Income” is the average Interest Income within the value range slab i.e. “Sum of Interest Income” divided by total number of returns within the value range slab.

**Notes**

1. Tax Payable is the aggregate tax liability as computed in the “Computation of tax liability on total income” schedule of return of income. Tax, surcharge, cess & interest after giving credit u/s 115JAA/115JD and relief u/s 89/90/90A/91 but before giving credit for taxes paid (Advance Tax/ TDS/ TCS/ Self-Assessment Tax) constitute Tax Payable.
2. The “Sum of Tax Payable” is the sum of Tax Payable of all returns within the value range slab.
3. The “Average Tax Payable” is the average Tax Payable within the value range slab i.e. “Sum of Tax Payable” divided by total number of returns within the value range slab.
4. For AY 2018-19, there were the following exemption thresholds for different classes of taxpayers- (i) For individuals below 60 years of age- Rs.2,50,000/- (ii) For individuals of 60 years of age or more but below 80 years of age- Rs.3,00,000/- and (iii) For individuals of 80 years of age or more- Rs.5,00,000/-.

**Notes**

1. House Property Income is the income under the head “Income from house property” as computed in the return of income.
2. Loss under the head “Income from house property” is also included in the House Property Income (for ITR-1 & ITR-4). For other ITRs the same may be adjusted in Current Year Loss Adjustment or carried forward for future years.
3. The “Sum of House Property Income” is the sum of House Property Income of all returns within the value range slab.
4. The “Average House Property Income” is the average House Property Income within the value range slab i.e. “Sum of House Property Income” divided by total number of returns within the value range slab.

**Notes**

1. The Interest Income is already included in the Income from other sources.
2. Interest Income is the Gross Interest Income in the “Income from other sources” Schedule of Return of Income. Interest Income data is compiled only for those returns where it is explicitly stated in the Return of Income.
3. The “Sum of Interest Income” is the sum of Interest Income of all returns within the value range slab.
4. The “Average Interest Income” is the average Interest Income within the value range slab i.e. “Sum of Interest Income” divided by total number of returns within the value range slab.

**Notes**

1. House Property Income is the income under the head “Income from house property” as computed in the return of income.
2. Loss under the head “Income from house property” is also included in the House Property Income (for ITR-1 & ITR-4). For other ITRs the same may be adjusted in Current Year Loss Adjustment or carried forward for future years.
3. The “Sum of House Property Income” is the sum of House Property Income of all returns within the value range slab.
4. The “Average House Property Income” is the average House Property Income within the value range slab i.e. “Sum of House Property Income” divided by total number of returns within the value range slab.

**Notes**

1. The Interest Income is already included in the Income from other sources.
2. Interest Income is the Gross Interest Income in the “Income from other sources” Schedule of Return of Income. Interest Income data is compiled only for those returns where it is explicitly stated in the Return of Income.
3. The “Sum of Interest Income” is the sum of Interest Income of all returns within the value range slab.
4. The “Average Interest Income” is the average Interest Income within the value range slab i.e. “Sum of Interest Income” divided by total number of returns within the value range slab.

**Notes**

1. House Property Income is the income under the head “Income from house property” as computed in the return of income.
2. Loss under the head “Income from house property” is also included in the House Property Income (for ITR-1 & ITR-4). For other ITRs the same may be adjusted in Current Year Loss Adjustment or carried forward for future years.
3. The “Sum of House Property Income” is the sum of House Property Income of all returns within the value range slab.
4. The “Average House Property Income” is the average House Property Income within the value range slab i.e. “Sum of House Property Income” divided by total number of returns within the value range slab.

**Notes**

1. The Interest Income is already included in the Income from other sources.
2. Interest Income is the Gross Interest Income in the “Income from other sources” Schedule of Return of Income. Interest Income data is compiled only for those returns where it is explicitly stated in the Return of Income.
3. The “Sum of Interest Income” is the sum of Interest Income of all returns within the value range slab.
4. The “Average Interest Income” is the average Interest Income within the value range slab i.e. “Sum of Interest Income” divided by total number of returns within the value range slab.

### Notes

1. Tax Payable is the aggregate tax liability as computed in the “Computation of tax liability on total income” schedule of return of income. Tax, surcharge, cess & interest after giving credit u/s 115JAA/115JD and relief u/s 89/90/90A/91 but before giving credit for taxes paid (Advance Tax/ TDS/ TCS/ Self-Assessment Tax) constitute Tax Payable.

2. The “Sum of Tax Payable” is the sum of Tax Payable of all returns within the value range slab.

3. The “Average Tax Payable” is the average Tax Payable within the value range slab i.e. “Sum of Tax Payable” divided by total number of returns within the value range slab.

**Notes**

1. House Property Income is the income under the head “Income from house property” as computed in the return of income.
2. Loss under the head “Income from house property” is also included in the House Property Income (for ITR-1 & ITR-4). For other ITRs the same may be adjusted in Current Year Loss Adjustment or carried forward for future years.
3. The “Sum of House Property Income” is the sum of House Property Income of all returns within the value range slab.
4. The “Average House Property Income” is the average House Property Income within the value range slab i.e. “Sum of House Property Income” divided by total number of returns within the value range slab.

### Notes

1. The Interest Income is already included in the Income from other sources.
2. Interest Income is the Gross Interest Income in the “Income from Other Sources” Schedule of Return of Income. Interest Income data is compiled only for those returns where it is explicitly stated in the Return of Income.
3. The “Sum of Interest Income” is the sum of Interest Income of all returns within the value range slab.
4. The “Average Interest Income” is the average Interest Income within the value range slab i.e. “Sum of Interest Income” divided by total number of returns within the value range slab.
